

OUT OF THE BLUE II

Congratulations to Chris and Lyn on the successful launching of their new Lightwave 38' catamaran at the Gold Coast Marine Centre. 'Out Of The Blue II', who will be based on the Gold Coast, will enter the luxury catamaran market and will be available for crewed charters from the Gold Coast, North to Lizard Island.

'Our goal was to purchase an Australian made catamaran that we could live aboard, and also operate a luxury skippered charter from. We test sailed the 38' and its ability to sail to windward had us sold. The 38' is very user friendly, and the quality and finish of the end product was of a high standard', commented Chris when asked what appealed to him about the Lightwave 38'.

For further information regarding crewed charters on luxury catamaran 'Out Of The Blue II', please contact Chris Wood at 'Sails On Blue' on 0419 754 484, or sailsonblue@gmail.com.
